

Project Demo Planning

Date	2 July 2026
Team ID	XXXXXX
Project Name	A Comprehensive Measure of Well-Being
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Introduce the project objectives, motivation, and problem being addressed.	2	Member 1
2	Dataset & System Architecture	Explain the HDI dataset, preprocessing, and overall system architecture.	3	Member 2
3	Machine Learning Model	Describe the prediction model, training process, and accuracy achieved.	3	Member 3
4	Live Application Demonstration	Demonstrate login, dashboard, prediction, history, and about modules.	5	Member 4
5	Deployment & Project Features	Demonstrate the deployed application on Render, GitHub repository, and project documentation.	2	Member 4
6	Conclusion & Future Enhancements	Summarize the project outcomes, limitations, and future scope.	2	Member 1

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Briefly explain the purpose and objectives of the project.
2	Solution Overview	Present the system architecture, technologies used, and workflow.
3	Live Feature Demonstration	Demonstrate login, dashboard, HDI prediction, history, and deployed application.
4	Q&A Session	Answer questions from the evaluators and explain implementation details.
